### IEP Basics

- SPED law calls for a free appropriate public education in the least restrictive environment.
- IEPs are legally binding documents that specify the type and frequency of services that will be provided. <http://www.doe.in.gov/sites/default/files/specialed/navigatingthecourse.pdf>
- Foster youth applications:
  - 10 day rule – The CCC must meet within 10 days of transition to new district for existing IEP (services begin immediately); the school must respond (in writing) to request for initial evaluation.
  - Other timelines may apply – 50 days for eval normally; 20 days for RTI & discipline.
  - Consent is required for initial testing & implementation of services.

### Right to Transportation Services

- Schools must provide children with transportation to their school, if feasible. Parents who need this service for their children should request it from the McKinney-Vento Liaison.

#### *IC 20-50-3-5 Transportation of students in foster care*

Sec. 5. (a) If a student in foster care temporarily stays in the student's original school corporation but outside the attendance area of the student's school of origin, the original school corporation shall provide transportation for the student from the place where the student is temporarily staying to the school of origin and from the school of origin to the place where the student is temporarily staying.

(b) If:

(1) the school of origin of a student in foster care is located in a school corporation other than the school corporation in which the student is temporarily staying;

(2) the school of origin is located in a school corporation that adjoins the school corporation in which the student is temporarily staying; and

(3) the student does not elect to attend a school located in the school corporation in which the student in foster care is temporarily staying;

the original school corporation and the transitional school corporation shall enter into an agreement concerning the responsibility for and apportionment of the costs of transporting the student to and from the school of origin.

(c) If the original school corporation and the transitional school corporation described in subsection (b) are unable to reach an agreement under subsection (b), the responsibility for transporting the student in foster care to and from the school of origin is shared equally between both school corporations, and the cost of transporting the student to and from the school of origin is apportioned equally between both school corporations.

### Child Care Assistance

- CCDF is a federal program that assists low-income families in obtaining child care so that they can work or attend school.
